Blurt sheet - Unit 3.10 Managing strategic change

3.10.1 Causes & Types of Change

- **Types of change (AQA):** internal, external, incremental, disruptive
- **Incremental change:** gradual, small steps
- **Disruptive change:** sudden, major change that can transform a market
- **Lewin's force field analysis:** change happens when driving forces outweigh restraining forces

3.10.1 Flexible Organisations & Knowledge

- **Flexible organisation (AQA):** restructuring, delayering, flexible contracts, organic v mechanistic, knowledge and information management
- **Delayering:** removing levels of management
- **Mechanistic structure:** rigid hierarchy and clear rules
- **Organic structure:** flexible, fewer rules, shared roles

3.10.1 Resistance to Change

- **Kotter and Schlesinger's reasons for resistance:** parochial self-interest, misunderstanding and lack of trust, different assessments, low tolerance for change
- **Kotter and Schlesinger's ways of overcoming resistance:** education and communication, participation and involvement, facilitation and support, negotiation and agreement, manipulation and co-optation, explicit and implicit coercion

3.10.2 Organisational Culture

- **Organisational culture:** shared values and attitudes; the way things are done
- **Handy's cultures:** power, role, task, person
- **Power culture:** control held at the centre
- **Role culture:** rules and procedures
- **Task culture:** project teams, expertise matters
- **Person culture:** exists to serve the individuals in it

3.10.3 Implementing Strategy

- **Implementing strategy (AQA):** leadership, communication, organisational structure, network analysis

3.10.3 Network Analysis

- **EST:** earliest start time of the next activity
- **LFT:** latest finish time without delaying the project
- **Critical path:** activities with zero float; any delay delays the project
- **Total float:** LFT − duration − EST

3.10.4 Why Strategies Fail

- **Planned strategy:** decided in advance, then implemented
- **Emergent strategy:** develops over time in response to events
- **Strategic drift:** strategy gradually falls out of line with a changing environment

3.10.4 Strategic & Contingency Planning

- **Contingency planning:** planning in advance for events that might happen
- **Crisis management:** responding to an unexpected event as it happens
