3.10.1 Causes and types of change

Unit 3.10 Managing strategic change · 6 key points

- **Internal causes:** new managers, new strategy, growth or poor performance
- **External causes:** technology, competition, economy, legislation, social change
- **Incremental change:** gradual, small steps
- **Disruptive change:** sudden and dramatic, e.g. a new technology that transforms a market
- **Value of change:** keeps the business competitive and relevant
- **Difficulties:** cost, time, resistance
