3.7.3 Overall performance

Unit 3.7 Analysing the strategic position of a business · 6 key points

- **Assessing performance:** using financial, operations, HR and marketing data together
- **Core competences:** what a business does especially well that rivals find hard to copy
- **Short-term performance:** e.g. this year's profit
- **Long-term performance:** e.g. brand strength, innovation, staff development
- **Trap:** short-term success can hide long-term problems
- **Non-financial data:** e.g. customer satisfaction, labour turnover, quality
